FIRE PREVENTION WEEK

FIRE PREVENTION WEEK

On a warm Sunday evening of October 1871, a brief lapse in carefulness sparked a fire at modest midwest home. It didn't seem particularily threatening or uncontrollable.

But it was.

Thirty hours later 2,100 acres of Chicago were a blackened. smouldering waste. More that 200 of its citizens had perished, 100,000 were homeless, almost 17,500 buildings were in ruins.

Direct losses were \$168.000,000, the indirect costs incalculable. To mark the Chicago conflagration, Fire Prevention Week is observed annually during the week containing October 9th, its anniversary date. A reminder of the needless tragedy and waste of fire, the observance originated in 1911 as Fire Prevention Day at the suggestion of the Fire Marshals Association of North Ame rica, now a section of the National Fire Protection Association.

Fire Prevention Week was first officially proclaimed in 1922 in both the United States and Canada.

Its message is this: fires are not deplorable accidents, but the consequences of "neglect and carelessness". And Fire Prevention Week is a time to check defenses against fire in our homes and places of work, to make sure our personal habits are fire safe ones. Remember, FIRE PREVENTION IS YOUR JOB TOO!

A COMMUNITY IS WHAT YOU MAKE IT!

150 families have moved into the PMQs at Griesbach. Unlike the other communities of Edmonton the residents of Griesbach share a common bond through the Service, and consequently are used to working together to achieve a common purpose.

The Community Council, which represents the residents of Griesbach was formed to foster the development of organizations and committees in the field of education, welfare, recreation and character-building among the adults and children of Griesbach. In addition, the Council arranges, where possible, for such amenities for dependents, not provided by the Army: is a local authority to whom the community problems can be referred; and gives the Commander, Alberta Area, a clear picture of the needs and problems of the Married Quarters.

In keeping with these terms the Community Council meets once each month, normally the third Monday, to consider the best means of achieving the aims for which it was formed, and to as sist the community. During the year the council

sponsors a great number of activities, many of which involve a considerable expenditure of council funds. For the small youngsters there are the supervised wading pools and playgrounds, built and maintained at community expense. For boys there is hockey, baseball, the junior rifle club, and boxing; for girls the gym closses and ballet; for the senior public high school students, the book rental system supported solely by the council and the rental fee; during the summe, there is the Day Camp; while all ependents can enjoy badminton, archery, tennis, the library, the Bugle, skating at both the community rink and the Edmonton Gardens, the Community Fair, and the Gardens ana Christmas decorating contests, icipant in your Community.

During the past summer, over fhe Scouts. Cubs, Guides and Brownies are directly sponsored by the Council

> Many of these activities are dependent solely on the the Community Council for finascial support. The main source of revenue for the Council is the semi-annual fee of \$3.00 While this is voluntary, it is obvious that a comprehensive community program can only be achieved when all residents contribute. The members of the officers and sergeants messes can subscribe through their mess accounts, while other serving members in the community are expected to make their semi-an nual contribution through their own unit. The fees for the next period come due in October, and residents are urged to make their financial contribution.

In the past, some members of the Community have not contributit became necessary for Council to exclude those dependents of non-members of the Association from participating in activities for which the Council provided the majority of financial support. It facilities to include the dependents that do not contribute. Consequently, each family belonging to the Association is now issued with a card showing a membership number, which entitles all the family to participate in sponsored activities of the community. All residents are therefore urged to make sure they have paid their voluntary dues and are in possession of the membership card for the family.

As important as the financial contribution, is the need for actual help in-organizing, guiding, and assisting in one of the manp activities in the community. Contact the organizer of the activity that interests you and offer your assistance.

Griesbach Council Briefs

For the past two years, Griesbach has entered a team in the Bnatam Football League which is sponsored by the Edmonton Huskies, A new ruling by the League executive has lifted the weight limit to 150 lbs. This, combined with the 14 years of age non nigh school attendee ruling, means that Griesbach can fiel1 only about three boys anywhere near the weight limit. As the eam would be grossly outweighed, the council decided no team would be entered this year.

The Community Library Com mittee has now been taken over by Major Hodge.

The council discussed the matter of open skating at skating rinks. The Edmonton Gardens has been rented for two hours each ed to the Association. As a result Saturday and one Saturday per month will be allotted for open skating. In addition, it was proposed to make the local skating rink available four times per week, which will include Saturday and Sunday afternoon. Furis just not possible to extend these ther details will be published when firm arrangements are made.

> The Boys' Hockey Leagues have been entered in the Alberta Amateur Hockey Association and will be rearranged to conform with the Association rules.

> Protective Hockey equipment can be purchased at a reduced rate through the team coaches. This is good quality equipment that will not be provided free by the council.

> Application has gone forward for an additional GP hut similar to the present library building to be set up at right angle to the library. Most of this will be used by the Griesbach Young People's Association as a clubhouse and the remainder as a sundries out-

Bingo will be held on a regular corner of 104 St. and 146 basis this winter. Details will be advised.

> Post Office parking was discussed and new signs will be erected to mark the parking area.

A suggestion that movies be arranged on a regular basis will be investigated and a report submitted at the next meeting.

CADETS ADOPT

EDMONTON — Canadian Army Cadets attending this year's National Cadet Camp at Banff, Alta., have become foster parents.

More than 100 Protestant Cadets among 200 Master Cadets from across Canada selected to attend the camp have become "honorary parents" to Prisca Li. about 12, of Suwon orphanage, South Korea.

Notice of the adoption was recently received from the Korean Mission of London, England, by Lieut.-Col. H. Goodfellow, Commander of the Cadet Camp. In expressing appreciation to the cadets for their help, the letter described Prisca as being a quiet little girl who gets along well with her fellow students in middle school. She has been in Suwon orphanage since May, 1952.

A brochure enclosed with the letter from the Mission told how relatively easy it is to obtain sponsors for infants who appear sweet and appealing, but how much more difficult it is when they approach their early teens.

It all started when Protestant Padre Eric Charlesworth of Edmonton described the plight of the Korean orphans during an outdoor Sunday Church Service at the Cadet Camp. He explained that the Korean Mission was seek. ing sponsors for the children.

Enthused, the cadets decided to take a collection the following Sunday to sponsor a Korean orphan for one year. The cost per Charlesworth, would be \$25.00.

The response the following Sunday was heart-warming. Cadets donated \$65.00 — enough to when received from Korea.

sponsor an orphan for over two years.

Captain W. H. Jones, Cadet Officer for Alberta Area, said that year, as indicated by padre all cadets who contributed will be notified individually of the sponsorship. Progress reports on Prisca will also be sent to each cadet

ACCIDENT PRONE?

You think you have troubles? Read this letter from a bricklayer, reprinted in a British newspaper: "Respected Sir:

When I got to the building, I found that the hurricane had knocked some bricks off the top, so I rigged a beam with a pulley at the top of the building and hoisted up a couple of barrels of bricks. When I had fixed the building, there was a lot of bricss left over.

I hoisted the barrel back up again and secured the line at the bottom, and then went up and filled the barrel with the extra bricks. Then I went to the bottom and cast off the line.

Unfortunately the barrel of bricks was heavier than I was and before I knew what was happening, the barrel started down, jerking me off the ground. I decided to hang on, and half way up I met the barrel coming down and received a severe blow on the shoulder. I then continued to the top, banging my head on the beam and getting my fingers jammed in the pulley. When the barrel hit the ground it burst its bottom spilling the bricks out. I was now heavier han the barrel and so started down again at high speed. Half way down I met the barrel coming up again and suffered severe injuries to my shins. When I hit the ground I landed on the bricks, receiving painful cuts from the sharp edges.

At this point I must have lost my presence of mind, because 1 let go the line. The barrell then came down again, giving me another heavy blow on the head.

I respectfully request sick lelave."

Bugle Food Service Monthly Recipes

Over the past few months I have made a comprehensive study into the various seasonings and spices and their uses. Many dishes could be improved, by adding a little spice. A lot of cooks have a good deal of spices available but do not know how to use them to their best advantage. So I shall print a short list of some of the common spices and their uses, which I find is a good guide to well spiced meals.

A LITTLE OF THE FOLLOWING GOES WELL IN THE FOLLOWING MEATS:

Cloves, Marjoram, Mint. in Stews

Oregano, in Meat Sauces and Beef Stew

Rosemary, in Lamb dishes, stews, and sprinkle on roasting beef before cooking

Carraway, Sprinkle on roasting Pork before cooking, also on Liver and Kidneys

Savory, Meat dressings

Tarragon, Chickekn

Thyme, Chipped Beef, Croquettes and Stews.

EGG DISHES

Tumeric (Creamed Eggs) Oregano (Scrambled Eggs) Savory (Scrambled Eggs)

Tarragon

MISCELLANEOUS

Thyme, Fish Sauces Tumeric, Sea Foods Marjoram, Fish Sauces Caraway, Noodles Marporam, Combined with Poultry

seasonings

Oregano, Spaghetti Paprika, Noodles, and Spaghetti Savory, Noodles and Spaghetti

Poppy Seed, Cheese Dishes Nutmeg, Cauliflower and Spinich

Dill, Cooked Macaroni Poppy Seed, Noodles

Nutmeg, Bananas with Cream Carraway, Sprinkle on French Frys.

Thyme, on Sliced Tomatoes

SALADS

Coriander Dill Seed

Basil Dill Seed in Potato Salad Paprika

Poppy Seed

Parsley Rosemary

Tumeric, in Dressing for salads.

RICE

Dill Seed, Paprika, Parsley, Poultry Seasoning and Sage.

I RECOMMEND THE FOLLOWING HINTS:

Sprinkle thyme over sliced tomatoes in bed of lettuce, use vinegar and olive oil dressing with salt and pepper. (Thyme) is available as Thyme leaves of "Ground Thyme".

Just before taking broiled chicken out of the oven, season and sprinkle with finely minced Tarragon and serve with pan gravy.

A pinch of Savoy gives a lift to scrambled eggs, is available as "Savey Leaves" or "Ground Savory".

Add a dash of Rosemary to boiled potatoes in the early stages f cooking.

A pinch of Nutmeg adds flavour to the crust for meat pie. Sprinkle canned asparagus with Caraway before heating

MY SUGGESTIONS FOR THANKSGIVING DAY, OCTOBER 14th

Take the worlds most expensive spice, "Saffron (Crocus Sativus). It takes 224,000 stigma of a crocus like flower to make a pound, rigin Spain. But a little goes a long way! To add golden colour and a delicious flavour to rice, boil a pinch of Saffron in the water for a moment before adding rice.

How about a nice Sirloin Tip of Alberta Beef, Roasted, with Yorkshire Pudding and Natural Gravy.

Roast Potatces, Cauliflower Au Gratin, and Buttered Carrots. Lettuce and Tomato Salad with French Dressing. Pumpkin Pie with Whipped Cream.

Fresh Fruit and Coffee

A Hole in Your Insurance Coverage?

There may be a fairly large percentage of the tenants in the PMQs that do not realize, as do the majority of the people that rent suites and houses, that there is distinct possibility that if their rented premises burns down they may be held responsible for the less or a portion thereof.

The owner of the property must prive that the lessee is at fault and once this has been established the tenant may suffer a very serious monetary loss.

Under the usual personal liability program, there is an agreement for FIRE LEGAL LIABILITY, but normally the assured is only covered when in temporary residence, and, therefore, the type of loss under discussion is excluded.

However, there are policies on the market today specifically designed to protect the person living in a rented residence. These are normally classed as Tenants Package Policies, and cover not only the legal liability aspect, but also personal property, on and off premises, additional living expenses, and a complete comprehensive personal liability program.

Proper engineering of a policy of this nature can plug all loop holes and give a tenant proper piece of mind.

Glass coverage can be included in the above policy with a \$5.00deductible so that if a window in your residence is accidently brcken, you know that the most that it can cost you is \$5.00.

The above coverage may sound like an expensive commodity but on calculation whereby the assured would be covered for \$5,000 personal property, personal liability, ets., cost would not go over twenty some odd dollars a year.

It is always wise to remember the old axiom, "Insurance is but a piece of paper until claim time, then it is either, still a piece of paper or Peace of Mind"

SAGE DATE ANNOUNCED

On Sep. 26, tht underground SAGE site at North Bay, Ont., of-

ficially became the first fully operational "hard" SAGE installation in N rth America.

SAGE. (Semi-Automatic Ground Environment) is basically a 275ton computer which collects data from radar sites, analyzes it and displays it to aid controllers in directing manned or unmanned interceptors aganist any enemy airborne threat. The unique feature of North Bay's site is its underground location. Carved out of the heart of the 1,000-foot "Reservoir Hill" it is almort impregnable.

In a formal military ceremony, complete with bands. color guard, and military parade, the two officers responsible for implementing the SAGE scheme, Air Vice-Marshal W. W. Bean, the RCAF's Air Member for Technical Sevices, and Major General Charles H. Terhune, Jr., Commander of the United States Air Force Electronic Systems Division, turned the site over to the Air Officer Commanding Air Defence Command, Air Vice-Marshal M. M. Hendrick, by means of a scroll presentation.

Air Vice-Marshal Hendrick in turn presented a scroll to Air Vice-Marshal J. B. Harvey, Commander of Northern Norad Region, who then assumed operational responsibility for the site.

Northern Norad Region is the largest of 7 similar regions in North America and provides air defence coverage for the North west Territories, most of Ontario. Quebec, and the Maritime Provinces, and the New England States. Its headquarters are situated in the underground SAGE site at North Bay.

Do You Smoke?

9621 - 111th Avenue

Despite the fact that Fire Prevention Organizations across the country are continually trying to warn the populace of the dangers involved in careless smoking habits, 47% of all Canadian home fires are caused from careless smoking habits.

Here in our own community the percentage is higher, even though we have an order prohibiting smoking in bed.

When we retire for the night it is because we are tired and need rest, this is a very dangerous time to light a cigarette as we may go asleep before it has been safely put out.

Most of us remember to set the alarm clock and lock the doors before retiring, but how many of us think of checking the ash-trays and the chesterfield and chair cushions. How many of us have foolishly dumped our ashtrays in a paper garbage bag rather than leave them safely in the tray until morning when we can be sure they are out.

I wonder how many of us have to lose a loved one in our home before we realize the dangers involved in careless smoking.

Let's remember that we have no right to let our personal habits endanger the lives of others.

ST. JOHN'S CHAPEL SUNDAY SCHOOL

The regular sessions of the Sunday School commenced on Sept. 15 at School No. 1 with a fine attendance of 300 children. We have room in our classes for more children, however, and will be more than happy to welcome them to our midst.

Let us remember that the Sunday School students of today are the congregation of our churches tomorrow. In order to prepare these children in living a Christian life we need more teachers and helpers, more especially helpers. Our helpers play an important part in the work of our Sunday School. They assist the teachers in handling the class, take over the class when the teacher is absent and most important, are one of the sources of teachers. Any member of the Chapel who is 14 years of age or over and who is willing to help with the Sunday School would be very welcome.

Anglican Confirmation Classes will commence in St. John's Chapel, Griesbach on 8 October 63 at 7:00 p.m. Persons interested are asked to contact Padre Clarke at local 225, or the Chapel local 533

ST. JOHN'S W.A.

Hello and welcome to the many new residence of Griesbach. We hope everybody had a wonderful summer and is ready to start in- 2 to 5 p.m. to the fall and winter schedule with renewed vigor.

Enthusiasm is running high over at St. John's Chapel as the ladies of the Auxiliary are busy preparing and planning for their annual fall bazaar. To the longtime residents of camp this is one of the highlights of the year - for who can forget the delicious homebaking, or the lovely aprons or the delightful dolls' chesterfields and dolls' clothes. This year the bazaar promises to be "bigger and better that ever". There will be something for the entire family -Christmas novelties, a great variety of knitted articles, aprons, stuffed toys, dolls' clothes as well as a White Elephant booth. This year there is also an added booth which will be for jams, jellies, relishes, etc. The children are not to be foregotten. There is a special table where "Little Mary" or "Little Johny" can do her or his Christmas shopping — no article over 25c. Then there is the candy table and the fish pond and we Choirs meet on Wednesdays at mustn't forget the hot dog and pop booth. For those who would and the Marian Centre. Mrs. G. like a few quieter moments, there joy singing. come along and help is the Padres' Corner .This was indeed a very popular spot at our

invite you to enjoy a cup of tea with your friends in our Tex Room. As a matter of fact, this year there will be two Tea Rooms for convenience. Tea tickets for the Tea Room will be at 35c for adults and 15c for children under 12, when accompanied by an adult.

Oh, before I forget, have you ordered your Christmas cakes, puddings and shortbread as yet. They are so good and so reasonably priced. If you would like to place an order or if you are interested in obtaining further information, please contact Mrs. Harmar at 4.79-6094.

Hope to see you all in the ARuditorium or No. 1 School on November 16th. The doors are open from 2 — 5:30 p.m. and the Tea Room from 2:15 — 5:30 p.m.

The St. John's Chapel Women's Auxiliary began their fall sessions on Tuesday September 10th with a pot luck supper.

October 13th is Thanksgiving Sunday and as in previous years the Women's Auxiliary will be decorating the Chapel. This will be done on October 12th, and we would ask anyone who would like to donate fruit or vegetables for this purpose to please leave them at the Chapel. After the ser vice the fruit and vegetables are delivered to the Ex-Servicemen's Children's Home. All donations will be greatly appreciated.

The big item on our agenda is our annual fall bazaar which will be held on November 16th from

We would like to extend an invitation to all newcommers to join us at our meetings which are held at 8 p.m. on the second and fourth Tuesdays.

OUR LADY OF FATIMA C. W. A.

The C.W.A., of Our Lady of Fatima Chapel, has reasumed activities after the summer. The first meeting was held in the Chaplain's quarter on Tuesday, September 10th.

The past President Mrs. D. A. Harper welcomed the new members and introduced the new slate officers. Mrs. Couture is the new President, Mrs. C. Laliberte will act as Secretary for this season. Mrs. McHugh took over the Treasurer's books from last year's Treasurer Mrs. G. R. De Faye.

Committee leaders appointed last spring were Mrs. Ferguson and Mrs. Lavergue — religion articels shop, Mrs. Ford medals, Mrs. MacDonald ers, Mrs. J. H. Vanderlinden will be the liaison between the C.W.A. R. De Faye will handle publicity.

Father Bilanger and Father Labrie thanked the ladies for the gift of a funeral pall and set of candle sticks made to the chapel

ALBERTA

Copyright 1963 H. C. Chadderton.

Dear Kit:

Well, I did it . . . and I'm glad!!! I practically "beaned" a door-to-door salesman - and I mean literally.

The "beaning" episode was made possible because George threw a spread for some of the boys.

One of his pals is a big Maritimer by the name of Doucet. To hear Georgie tell it, this "Doucie" gets awful lonesome for home. George started wondering what he could do to make "Doucie" feel a little less lonely. Suddenly, he jumped up:

"I've got it, Myrt - I'll put on a been feed and invite Doucie and some of the boys".

Georgie bought the beans the next day. He borrowed a big stone pot and threw in the beans, salt pork, salt, pepper, mustard, onion and a clove. Georgie's pals showed up on a Saturday about 4:00 o'clock. The beans were bubbling and smelled darned good.

I noticed that "Doucie" had brought in a jug of something he called "screech". It didn't take too much imagination to figure out what kind of a night this was going to be.

My fears increased when I heard Georgie suggest that they pour a little "screech" into the beans.

"Why not", Doucie replied. "Anyway, I've got another jug or two stashed away".

As planned, I took off with the kids for a hamburger — and then to the movie. I had a strange sense of foreboding when we returned. The house was empty and the stench was beyond description. If you want to stink up the joint some day, try burned beans. George still insists that the beans would have been just fine if "that bum Horace" hadn't mixed in two quarts of beer.

Georgie and the boys had taken off. The jug was lying by obviously the chesterfield empty - so I could only suppose that they had gone to find a new supply. The beans were still in the pot uneaten!!!

end but when Monday rolled AND ELSEWHERE. Under our plan,

around Georgie was still somewhat under the weather. As he left for work I asked him about the beans.

"I'll clean up the pot tonight" he answered.

About three o'clock that afternoon the doorbell rang. (Do you remember the bit about the chainlock? Well, I still leave it on.) Through the crack in the door, I could see some huckster complete with attache case.

"May I c ome in, Madam?", he enquired.

"Take off chum," I said. "We don't want any."

"But Madam, I am not selling anything. I represent the Excel Survey Corporation."

Then through the crack in the door he handed me a white leather-covered hible and said something about wanting to survey my husband and me . . . and what time would my husband be home?

"He better be home by 6:00 o'clock . . . or I'll brain him," I boomed!!

"Thankyou. Mam," he replied and took off.

I thought nothing more of it until about 6:30. Georgie answered the door. Our salesman friend was back. Georgie asked him in and before I knew it they were going through a questionnaire. I recognized the sales pitch immediately.

"Get this creep out of here," ordered.

"But Myrt, this is interesting. Look at this picture of a widow and her children . . . all crying . . . tortured . . . helples . . simply because the father didn't plan ahead . . . and Myrt, look at this second picture? On one side you see the oldfashioned cemetery . . . α real tragic deal . . . on the other side the new idea in burial plots beautiful green grass . . . every thing peaceful and calm."

Then the salesman piped up: 'Yes, Mrs. Brown, you must be very proud of your husband. He has really gotten the hang of this very quickly . . . all for you and your fine family." I was too flabbergasted to interrupt. He went

"I see you have a hi-fi set. I wonder if I could play a record for you."

He didn't wait for an answer, but stuck on a 45 RPM that he was carrying in his pocket.

I nearly dropped. It was an organ rendition of "Oh God Our Help in Ages Past." Then the salesman (pardon me — surveyor) went on with his well-rehearsed speech

"Yes, you know Mr. and Mrs. Brown — you are both right-Perhaps I had better not dwell thinking people. You have earned too much on the rest of the week- the privilege to live on - HERE

yours will be the privilege of and your wife in the Great head, but you can prevent them . while your loved Beyond . . ones can still share all that you leave behind through the tender thoughts and reminiscences which will be left constantly theirs in the lovely surroundings of your last resting place . . . but only if you decide to avail yourselves of our plan."

This was just too much! I decided that drastic action was needed!! I ran out to the witchen for Georgie's bean pot and just as he was hamhering home his final point I advanced on him, holding the pot as though I was ready to bean him with it.

In his haste to retreat he left one of the contracts behind. Ger a load of this:

Internment plate	\$180.00
Perpetual care	\$27.00
Vaultoriums	\$420.00
Memorials	\$395.00
Individual Markers	\$75.00
Internment fees	\$105.00
Incidentally Kit, I don'	t think

there are too many people wandering around today worrying about where they are going to be buried. If they do wish to plan ahead, I wonder what's wrong with buying a plot in an ordinary cemetery as our mothers and fathers did? The cost is les than \$100.00.

I heard somewhere that these burial plot salesmen have a new slogan . . . "We dig you the most." I suppose. also, they sell these burial plots on time - obviously, what they call "the lay away plan." Myrt

Royal Canadian Corps of Signals Mark Diamond Jubilee

KINGSTON, Int. — The heart of a Dominion-wide celebration were located in Kingston, Ont., on Sept. 14, when the Royal Canadian Corps of Signals marked Diamond [ubilee

Across Canada, in Germany, Egypt, The Congo and other foreign countries, units and members of the Royal Canadian Signals celebrated the 60th mirthday of their Corps with special parades, mess dinners and other functions.

Ceremonies in Kingston got underway Friday, Sept. 20, when the Honourable Lucien Cardin, Associate Minister of National Defence, addressed officers of the Corps at a mess dinner. Vimy Barracks here, home of the Royal Canadian Signals since 1937, was the scene of this formal function.

Highlight of the events in Kingston was a ceremony in front of Frantenac County Court House Saturday morning granting the Freedom of the City to all members of the Royal Canadian Corps of Signals. This honour gave members of the Corps αs α whole the hight to march through the streets of Kingston with bayonets fixed and drums beating.

Following this ceremony 1,000 signalmen exercised their newly gained right by parading through downtown Kingston. The parade mached past the city hall where Mayor W. T. Mills took the sa.

Colonel Hubert W. C. Stetham of Kingston. Commandant of the Royal Canadian School of Signals sists the United Nations Organicommanded the parade.

On Saturday afternoon, Brigadier A. Warwick Beament, retir ed, of Ottawa officiated at the opening of the Corps museum recently set up in Vimy Barracks.

Among items depicting communications history on display are the telephone used by Alexander Graham Bell when he made the first long distance call between Brantford and Paris, Ont., in 1877 and the field phone used during the First World War by Field Marshal Von Hindenburg, Commander-in-Chief of the German

At Vimy Barracks Satrrday night the officers, sergeants and junior ranks held anniversary balls in honour of their Corps birthday

Major-General Sir William A Scott, Master of Signals for the British Army, representing their Colonel-in-Chief, Her Royal Highness Princess Royal, conveyed congratulations to the Royal Canadian Signals during the celebrations.

During their 60 years of service the Royal Canadian Corps of Signals first brought radio communications to the Canadian far north, made airmail service possible in Canada with a nationwide system of radio beacons and provided communications for the Army in peace time as well as during the First and Second Worla Wars and the Korean conflict.

Today the Corps which has signalmen stationed from coast to coast in Canada and as far north as Whitehorse in the Yukon. aszation in its operations in Egypt

Griesbach Curling Club

The Special General Meeting to attend so the Committee can be made aware of your wishes and to inform you of the plans for the coming season.

The curling season will soon be upon us again, so it is now time to organize teams for the coming season. The following information is provided:

MEN'S CURLING LEAGUE

Last year two men's leagues operated: "A" League curled twice a week — on Tuesdays and Thursdays; and "B" League one game per week - on Wednesdays. The "B" League did not appear too popular as only 12 teams participated.

It is thought that a 24-team league curling twice a week on GRIESBACH BUSINESS GIRLS Tuesdays, Wednesdays and Thurs days might be the more popular for the coming season. However, should a sufficient number of teams desire to curl once a week. a schedule similar to last year can operate with up to 16 teams playing on Wednesdays and a further 16 teams playing twice a Mr. Dales at Local 362.

week on Tuesdays and Thursdays. Should the number of twice-a-week teams exceed 16 but not more than 24, a draw could be played at 1645 hrs. on Tuesdays and Thursdays. A decision as to the league or leagues to be operated will be made at the annual general meeting.

It is preferred that applications be submitted covering an entire team. However, it is suggested that our "old - timers" might look around and invite at least one newcomer to our midst to join the team. Curlers and would-be curlers who do not become atattached to a team are urged to submit an individual application. Every effort will be made to get such ardent types on a team.

Applications should be submitted to Cpl. J. A. Knight in the Command Pay Office.

GRIESBACH LADIES' CURLING

Square Dance Club

ALLEMANDE MAYBE?

Have you ever wondered why you should join a square dance such a club has to creer you!

Challenging as these questions working on her "Solo-Seal"-top underway very shortly and clas- may be, let's consider what makes examination for performers. Now see commence 5 October, 1963. | a square dance club tick, then you might be able to decide for yourself. A square dance club (using our club as an example) is made up of many things but mostly of two major ingredients: a good enthusiastic caller and a friendly group of people completely at ease. So with this in mind, let us consider our caller.

> In our minds, our caller is as ordinary a guy as your neighbour. He probably was introduced to this most wonderful pastime by some friends. So as the story goes he became a dancer first and then a caller.

In learning to call he first had to acquire the necessary equipment such as, tape recorders, record player along with amplifiers, microphones, loud speakers and a collection of records..

All this may sound very easy but there is a lot more to it. The caller should, first of all, be a teacher. More than that, he is the "quarterback" of the square dancing team. He must have infinite patience and should be extremely well informed on all facets of square dancing. He must possess a good personality, be an organizer, a publicity director, have a knowledge of public relations, be a counsellor, a diplomat, master of ceremonies and of all things he must also be a mind reader, a parliamentarian, a firstaid expert, and electrician, a sound expert and even a janitor.

All this could not be achieved alone and this is where our unsung heroine comes in, which is none other than his wife. The caller's wife must "See no evil, hear no evil, speak no evil." She is his staunchest supporter and his severest critic. Bolster his ego, in private.

Well, enough said I'm sure. I know you have gotten the idea of what our caller is like. Next time we get together, we shall pry into what makes up a dancer. In the mean time, I hope you shall make plans to join us next fall?
